

VILLAGE OF LOMBARD

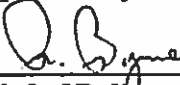

AUTHORIZATION FOR TEMPORARY OR EMERGENCY PLACEMENT OF TRAFFIC CONTROL REGULATION OR DEVICE

Pursuant to the Village of Lombard Traffic Code, section 10-3-8, the below listed temporary or experimental regulation is authorized as an emergency or special condition: (please specify)

Install a Yield Sign on Northbound Lincoln Avenue at Ann Street as requested by local citizens to improve intersection safety.

On April 1, 2013, the Transportation and Safety Committee approved a motion recommending placement of a Yield sign on northbound Lincoln Avenue at Ann Street with a request to waive first read to the Village Board of Trustees, scheduled to be considered at the April 18, 2013 BOT meeting. Temporary placement of the subject traffic control device would immediately provide intersection right-of-way clarity until the Village Board of Trustees deliberates on this issue.
