TITLE: Recommendations from the Public Safety and Transportation Committee

SUBMITTED BY: Mike Barbier, PE, PTOE, Civil Engineer II *MB*

BACKGROUND/POLICY IMPLICATIONS:

Establish All-way Stop controlled intersection – Central Avenue at Stewart Avenue

Currently, the intersection is stop controlled on Central Avenue, but there is no stop sign for traffic on Stewart Avenue. After performing an engineering study for this location, it was determined that the intersection meets the criteria to be converted into an all-way stop.

The Transportation and Safety Committee reviewed and recommended this ordinance during their October 2, 2024 meeting.
