Subject: FY24 Vehicle Replacement, Ford F-250 4x4 with plow

The FY 2024 budget includes replacement of three Ford F-250 4X4 pick-up trucks with snow plows. These three trucks we supposed to be replaced in FY23 but because of production shortages they were not available to purchase. An additional 5 trucks were slated to be replaced in FY24 that were pushed to FY25 for replacement. Production of these vehicles has dramatically increased for FY24, and Ford is no longer restricting the Village to purchasing only one unit for the model year. With the ability to purchase more of these vehicles from the SPC contract, one additional unit is being requested to purchase in FY24 instead of delaying till FY25. The additional unit was supposed to be replaced if FY24 in accordance with the fleet replacement policy. New vehicle production is still volatile and with the UAW striking, production may become an issue again limiting how many vehicles we can order in the future.

The Ford F-250 4x4 Pickup truck is available for joint purchase through the Suburban Purchasing Cooperative (SPC contract # 221). The current contract winner is Sutton Ford of Matteson (IL). The cost of the 4x4 pickup trucks with plows is \$55,395 The budgeted replacement cost for this vehicle is \$62,000.

I recommend the Board of Trustees waive bid and award a contract to Sutton Ford of Matteson (IL) in the amount of \$221,580 for 4 new Ford F-250 4x4 pickups with plows. Please submit this item to the Village Board for their consideration at the October 19, 2023 meeting.
