MEMORANDUM

To: David A. Hulseberg, Village Manager
From: Angela M. Podesta, Utilities Superintendent *AMP*
Through: Carl S. Goldsmith, Director of Public Works *CS*
Date: August 29, 2012
Subject: Waiver of Bids - Okeh Electric Company
Water & Sewer Pump Station Generator Installation
and Associated Electrical Work

Background

The Lincoln Ash Willow (LAW) Lift Station Control Panel is programed for replacement this year along with the addition of a generator. The Sunset Knolls Lift Station and North Ave Standpipe are also scheduled for the addition of generators this year. The three (3) stations have been repeatedly affected by power outages over the past years.

The Village sent specifications to three contractors for quotations and only one contractor submitted proposals for labor and materials to install the generators and associated electrical work at the three (3) water and sewer pump stations. Okeh Electric Company of Arlington Heights, IL quoted a total of \$58,400.00 for the work at the three (3) sites. The LAW quotation also includes the necessary electrical work to install the new control panel. Okeh Electric has performed satisfactory work on past water and sewer projects, most recently the South Booster Station Project and the Olde Towne Lift Station Upgrade.

Funds for the generator installation and associated electrical work are budgeted in the Water and Sewer Capital Reserve Fund under Water Maintenance & Improvements (North Ave Standpipe), Pump Station Component Replacement (LAW Lift Station) and Lift Station Maintenance (Sunset Knolls Lift Station) in FY 2012B.

Recommendation

Please request the Board of Trustees to waive bids and award a contract in an amount not to exceed \$58,400.00 for labor and materials to install generators and associated electrical work at three (3) water and sewer pump stations to the Okeh Electric Company of Arlington Heights, IL at their September 6, 2012 meeting.
