RE: Bituminous Patching Materials Contract for FY2007

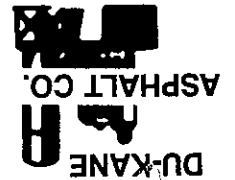

On April 25, 2005, the Village Board approved a contract with Du-Kane Asphalt of Addison for Bituminous Patching Materials. In the bid documents was a provision to extend the contracts for one additional year. Attached is a letter from Du-Kane Asphalt dated April 13, 2006 indicating their willingness to provide the same service at the cost of \$34.50 per ton for Asphalt for an additional year.

The price for asphalt under our current contract is \$27.50 per ton. The reason for the cost increase next fiscal year is due increased oil price. We have received a memo from DuPage Materials which states that the cost for asphalt for the up coming year will be \$34.75 from April through July and on August 1<sup>st</sup> the price will increase to \$37.30 per ton. By extending our current contract with Du-Kane Asphalt our price would remain unchanged from June 1, 2006 through May 31, 2007.

To exercise the renewal option, the Village Attorney has stated that this item must be approved by a motion of the Village Board. There is no need to sign a new contract. If approved by the Board, staff would send confirming letters with signature space for Du-Kane Asphalt to accept extension of the contract. They have provided good service during the past year. I am also recommending renewal of the contracts for one additional year under the same terms, conditions and prices stated in the renewal letter for the next fiscal year. Please note that when the extension is approved by the Board, Public Works will purchase all Hot Mix Bituminous Patching Materials from Du-Kane Asphalt in an amount not to exceed \$97,810.00 for any combination of the bituminous materials. I am also requesting a waiver of bids.

Please place this item on the May 4, 2006 agenda for consideration by the Village Board. If you have any questions, please call me.
