Subject: Underground Utilities Service Truck Replacement

The FY 2026 fleet replacement schedule includes replacement of two service trucks in the Underground Utilities fleet, WT434 and WT435. Underground Utilities and Fleet Services staff worked to develop specifications for the new truck that would meet the current as well as future needs this vehicle would have to fulfill. Proposals were then requested from local upfitters to build these utility trucks on 2027 Ford F-550 chassis. The chart below includes the vendors and their proposals. Of the two vendors that provided quotes, Knapheide Truck Equipment Center Chicago provided the lowest price of \$215,278 for the equipment and installation on two chassis provided by the Village. The purchase of two 2027 Ford F-550 chassis will be a separate item for consideration at a cost of \$111,722. Total cost for the two complete trucks will be \$327,000 and will be funded from the vehicle reserve fund. The two vehicles being replaced will be declared surplus on a separate action item as well.

Body Manufacture	Upfitter					
	Knapheide	Regional	Monroe	Holman	EJ Equipment	Regional
Reading			no bid	no bid		
Maintainer					no bid	
Knapheide	\$ 215,278	\$ 241,218				
EBY						no bid

Staff recommends the Board of Trustees waive the competitive bid process and award a contract to Knapheide Truck Equipment Center Chicago of McHenry (IL) in the amount of \$215,278 for the equipment and upfit of two service bodies and equipment on Ford F-550 chassis provided to them by the Village of Lombard. Please submit this item to the Village Board for their consideration at the June 18, 2026 meeting.
