Subject: Intergovernmental Agreement with Glenbard High School District #87 for School Resource Officer Program

As you are aware, the Village of Lombard currently has an intergovernmental agreement (IGA) with Glenbard High School District #87 to provide a school resource officer in Glenbard East High School. This agreement was signed in 2008 and is now seventeen (17) years old.

Glenbard District #87 contacted the Carol Stream Police Department, Dupage County Sheriff, Glen Ellyn Police Department, and our department earlier this year to begin conversations to update the IGA to make changes that reflect operational changes and updates as required by the Illinois Compiled Statutes. We met several times and the attached agreement is the result of those meetings. The changes also make the agreement fully compliant with state law and changes that occurred over the summer as well. The agreement clarifies some of the funding language as well as day-to-day operational items and responsibilities of each of the parties. This agreement was reviewed by Village Attorney Jason Guisinger, who agrees that it is fully compliant with state law.

It is my recommendation that we enter into this agreement with Glenbard High School District #87.

Documentation of the time and manner in which notification was attempted must be made and a copy must be provided to the school. Reasonable efforts to ensure the student's parent or guardian is present for the questioning must be made.

If the arrested student is a minor, the dean or school administrator shall promptly notify or attempt to notify the student's parent/guardian of the arrest and the location to which the student has been taken. The administrator or dean shall document such notification and/or attempts at notification.

The list will contain regular and emergency telephone numbers and identify who should be contacted for various types of matters and the order in which they are to be contacted.
- B. The Police Chief will provide the School District with a list of officers ("Police Officials") who will have responsibility for implementing these guidelines. The report shall include the basis for the detention, the circumstances surrounding the detention, and the status of the proceedings. The report shall be updated as appropriate to notify the School Official of developments and disposition of the matter. All such reports shall be kept in a secure location separate from the student's official school record and shall be used by School Officials determined to have a legitimate educational or safety interest solely to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the schools.
 - C. In administering Section 22-20 of the School Code and these guidelines, law enforcement officials are not obligated to initiate reporting to the School District the detention of students for conduct deemed by Police Officials to be minor and unlikely to assist in the rehabilitation of the student or the protection or safety of students and employees in the School District. In contrast, conduct involving vandalism, violence, gangs, weapons, drugs, alcohol, runaways, family disputes, abuse or an appearance in court as a juvenile or an adult for other than minor traffic offenses would be reported. More generally, Police Officials will share information with School Officials where student misconduct outside of school is likely to be carried into school or school activities, or have a significant impact on the safety and well-being of students, staff, and community members associated with the schools. In turn, School Officials will share information with law enforcement officials where student misconduct in school or at school activities is likely to extend into the community or involve an offense for which reporting is required by law.
 - D. Information derived from law enforcement records shall be kept separate from and shall not become part of the official school record of a student, nor shall it become a public record. The information shall be used solely by the appropriate school official(s) whom the School District determines to have a legitimate educational or safety interest to aid in the proper rehabilitation of the student and to protect the safety of students and employees in the school building. Police Officials and School Officials may determine it to be in the best interest of the student that they be referred to in-school or community-based social services. These "Rehabilitation services" may include: interventions by the school support personnel, evaluations for eligibility for special education, referrals to community-based agencies, behavioral healthcare service providers, drug and alcohol prevention or treatment programs, and other interventions deemed appropriate for the student.

- E. In the event a student is the subject of a law enforcement investigation directly related to school safety, Police Officials shall provide appropriate School Officials oral, rather than written, juvenile law enforcement records. These records shall be used solely by the appropriate School Officials to protect the safety of students and employees and to aid in the proper rehabilitation of the student. Such information shall remain separate from and shall not become part of the school student record, nor shall it become a public record.
- F. Although the provisions of the Juvenile Court Act do not apply to students aged 17 or older, Police Officials shall provide School Officials with the same information regarding suspected criminal offenses committed by students ages 17 and older as is reported for students included in the scope of the Juvenile Court Act under these guidelines.

IV. Confidentiality and Records

- A. Content of Criminal Activity Information. All criminal activity information shall include the names of all involved persons, including District students and minors, except in cases where the name of the victim is protected under the Rights of Crime Victims and Witnesses Act, 725 ILCS 120/1, et seq., as amended, or other applicable law.
- B. Confidentiality of Law Enforcement Records and Criminal Activity Information. Any law enforcement records subject to disclosure under these guidelines shall not be disclosed or made available in any form to any person or agency other than as set forth in these guidelines or as authorized by law. Police Officials and School Officials shall develop procedures to ensure such nondisclosure of criminal activity information, accept as may be authorized by law or set forth in these guidelines. Such procedures shall be designed to also ensure that any criminal activity information is not available to other employees, or any persons other than as authorized by these guidelines or by law.
- C. Illinois School Student Records Act.
