Subject: Underground Utilities Service Truck Replacement Chassis

The FY 2026 fleet replacement schedule includes replacement of two service trucks in the Underground Utilities fleet, WT434 and WT435. Underground Utilities and Fleet Services staff worked to develop specifications for the new truck that would meet the current as well as future needs the vehicle would have to fulfill. The chassis identified to best meet these needs is a 2027 Ford F-550. This vehicle is available for purchase through the Suburban Purchasing Cooperative (SPC) contract # 227. Sutton Ford of Matteson (IL) is the current contract holder. Two Ford F-550 chassis were quoted at \$111,722. These chassis will be funded from the Fleet Reserve Fund. The service body and upfit portion of these truck builds is on a separate item for consideration. The two vehicles being replaced will be declared surplus on a separate action item and disposed of when the new trucks are put into service.

Staff recommends the Board of Trustees waive the competitive bid process and award a contract to Sutton Ford of Matteson (IL) in the amount of \$111,722 for two 2027 Ford F-550 chassis. Please submit this item to the Village Board for their consideration at the June 18, 2026 meeting.
