

VILLAGE OF **LOMBARD**

PUBLIC SAFETY CAPITAL PROJECT

**Learn about the project at
upcoming Open House events:**

Saturday, October 19, 10 a.m. - 12:00 p.m. or

Wednesday, November 6, 5:00 - 7:00 p.m.

VILLAGE OF LOMBARD
**PUBLIC SAFETY
CAPITAL
PROJECT**

Lombard's public safety facilities are facing significant challenges due to outdated infrastructure and inadequate space. Modernizing these facilities is crucial to ensuring that they can effectively meet the community's needs and adhere to current safety standards.

A new fire station built where the police station is currently located would drastically reduce response times for life-saving services to all of Lombard, especially to neighborhoods that are not located near one of the existing stations.

These projects will be funded through reserve funds and sales tax revenue. There will be **no increase in property taxes** due to these projects.

The first step in the Village Board's plan is to build a new police station at a central location in the community.

Once complete, the focus will shift to the fire department to remodel both existing stations and build a new station on the site of the current police station.
