FIRE DEPARTMENT NEWS

Structure Fire News Release

On Saturday, April 12, at approximately 12:08 p.m., the Lombard Fire Department was dispatched to the 500 block of S. Brewster Avenue for a report of a house on fire, with visible flames coming from the exterior of the chimney. Lombard police officers were first to arrive on scene and confirmed an active fire. Additional updates also indicated that people were attempting to remove pets from the home.

Lombard Fire Department crews began arriving on scene at 12:11 p.m. and encountered heavy fire extending along the exterior of the chimney, with flames visible from the roof. Firefighters quickly deployed multiple hose lines, including one directed at the large exterior fire and two more advanced to the second floor. While interior crews worked to extinguish fire that had spread into the attic, firefighters on the outside used ladders to access the roof and cut ventilation openings to release smoke and heat.

Additional fire companies searched the home and confirmed that all occupants and pets were safely out of the building. Ventilation efforts continued, and crews placed tarps throughout the interior to help protect belongings from smoke and water damage. The fire was brought under control at 12:37 p.m. Crews remained on scene to perform overhaul operations, carefully checking for hidden fire that may have spread through the structure. Once all hot spots were extinguished, equipment and hose lines were removed from the home.

Utility providers ComEd and Nicor were called to the scene to safely shut off power and gas Service. The Lombard Fire Investigation Unit is investigating the cause of the fire.

No injuries were reported. However, the home sustained significant damage and is currently uninhabitable. Losses are estimated to exceed \$150,000.

The Lombard Fire Department received mutual aid from the Elmhurst and Villa Park Fire Departments, as well as the Glenside and York Center Fire Protection Districts. Lombard Police provided traffic and crowd control throughout the response.

FIRE DEPARTMENT NEWS

New Fire Inspectors

The Department welcomes two new part-time Fire Inspectors to the Fire Prevention Bureau. Ryan Tumminaro began on April 14 and Joey Fruscione began April 29. Both have experience working in the Fire Service.

Fire Inspectors play an integral role to ensure the safety of commercial buildings, residential high-rises, churches, schools etc. They inspect its fire protection systems and its operational features that provide safety from fire, smoke, and general panic during emergencies.

Welcome to Lombard!
