Victim Services Contract - Association for Individual Development (A.I.D.)

The Village contracts with the Association for Individual Development (A.I.D.) to provide support services to employees and community members experiencing a crisis. A.I.D. offers crisis intervention, counseling, advocacy, education, and referral services for victims of crime or trauma, as well as witnesses and affected community members. The Community Relations Committee will review program usage for 2025 and consider the proposed 2026 Victim Services Contract.

Staff presented an overview of the Village’s Victim Services Program and the proposed contract renewal with the Association for Individual Development (A.I.D.). Committee members expressed strong support for continuing the program and noted the significant value it provides to residents and employees during times of crisis. Members suggested increasing communication about the availability of these services to raise public awareness. A question was asked regarding whether Police and Fire personnel also have access to direct mental health support resources, and staff confirmed that they do. The Committee agreed to move forward with recommending renewal of the Victim Services contract.

A motion was made by Madison Smith, seconded by Sharon Vish, to approve the Victim Services Contract with A.I.D. to the Board of Trustees for approval. The motion passed unanimously. Michael Ledonne did not vote as he had not yet arrived.

A question was raised about how to access the StoryMap through the Village website, and members suggested exploring a more prominent placement on the home page. Staff will review options and consider adding it to the
