

InterOffice Memo

To: David Hulseberg, Village Manager
From: David A. Dratnol, P.E., Village Engineer *RCS For DAD*
Date: August 24, 2011
Through: Carl Goldsmith, Director of Public Works *CS*
Subject: Lift Station Improvements – Purchase of Back-up Generators
Project Number: SAN-11-03

To expedite construction of the above project, the Public Works Department requests authorization to waive bids and to directly purchase three back-up generators (Olde Towne, Cambria and Elizabeth/Morris) from Cummins NPower for the above project.

The reason for purchasing the material in advance is to expedite both the shop drawing review and ordering process. By ordering the materials in advance the lead time can be shortened by eliminating the period of time needed to prepare final plans, bid the work and receive formal Village Board approval of the construction contract.

The bid proposal was received and opened at 11:00 A.M. on August 22, 2011.

The results are listed below:

Company	TOTAL
Cummins NPower	\$99,138.00
Engineer's Estimate	\$110,000.00

Cummins NPower has previously supplied the Village with three generators and has performed satisfactorily on those contracts. The Engineering Division recommends the award of this contract to Cummins NPower.

Public Works will be requesting a waiver of bids and solicit proposals from four to five selected contractors for the installation of said material at the October 6th meeting of the Board of Trustees.
