Re: Resident Engineering Services Proposal for the Lombard Meadows – Phase IV Project (Contract No. ST-16-03)

Dear Mr. Schwab:

Thomas Engineering Group, LLC (TEG) respectfully submits the enclosed fee proposal to the Village of Lombard to provide Resident Engineering Services for the Lombard Meadows – Phase IV project. The enclosed attachments, referenced below, summarize the total effort to complete our services based on the project approach and organizational chart found in our written proposal dated February 11, 2025.

The following pages, rates, and tables represent what TEG has developed in terms of a fee schedule:

- Staff Scheduling Plan
- Cost Estimate of Consultant Services (CECS)

We have utilized an IDOT standard Cost Estimate of Consultant Services (CECS) and Direct Labor Multiplier (DLM) method of compensation using a multiple of 2.90 based on our current IDOT approved payroll burden and expense rate. The total anticipated duration of construction services is 180 Calendar Days, or approximately 26 weeks, with completion prior to the end of November 2025:

Total Proposed TEG Staff Hours	2,465
Total Not-to-Exceed CECS	<u>\$409,573.84</u> (11.1% of construction cost)

While we believe that this estimate accurately reflects our best effort at understanding the scope of work as described in our proposal, we understand that the Village may interpret the scope differently or may seek to add, subtract, or modify the scope or level of effort contained herein. We look forward to negotiating the scope and effort to meet the exact expectations of the Village. TEG is excited to serve the Village of Lombard and dedicated to providing outstanding service.

If you have any questions or require additional information, please call me at (847) 847-6181 or by e-mail at gregb@thomas-engineering.com.

Sincerely,
thomas engineering group, llc

Gregory A. Benske
Construction Department Head
