MEMORANDUM

TO: Scott R. Niehaus, Village Manager

FROM: William J. Heniff, AICP, Director of Community Development

MEETING DATE: August 19, 2021

SUBJECT: **Butterfield Road Corridor Plan – CMAP Planning Grant IGA**

The Village of Lombard has applied for technical services through the Chicago Metropolitan Agency for Planning (CMAP) in order to conduct a planning effort along the Butterfield Road Corridor. The planning effort will include properties within the Villages of Lombard, Oak Brook, and Downers Grove, and unincorporated DuPage County. Per the CMAP Project Charter, the local contribution for this planning effort will be \$24,000, spread across the participating municipal entities on a pro rata basis. Lombard's share of the local contribution is \$10,680.97.

At the June 17, 2021, meeting, the Board of Trustees authorized the signature of the Village Manager on the Project Charter. The next step requires the Village of Lombard, as the original applicant to the technical assistance program, to enter into an intergovernmental agreement (IGA) with CMAP to facilitate the proposed planning effort. Of particular note, the IGA states that the Village of Lombard will submit the total local contribution of \$24,000 to CMAP. The other participating municipalities and DuPage County will reimburse the Village of Lombard for their shares of the local contribution.

This agreement has also been reviewed by Village Counsel.

Village staff requests the Village Board approve a resolution approving the proposed intergovernmental agreement between the Village of Lombard and CMAP. The resolution and IGA are attached for reference.

1. Complete Agreement. This Agreement including all exhibits and other documents incorporated or referenced in the Agreement, constitutes the complete and exclusive statement of the terms and conditions of the Agreement between CMAP and the GOVERNMENTAL BODY and it supersedes all prior representations,

understandings and communications regarding this PROJECT. The validity in whole or in part of any term or condition of this Agreement shall not affect the validity of other terms or conditions of this Agreement

- a) CMAP's failure to insist in any one or more instances upon the performance of any terms or conditions of this Agreement shall not be construed as a waiver or relinquishment of CMAP's right to such performance by the GOVERNMENTAL BODY or to future performance of such terms or conditions and the GOVERNMENTAL BODY's obligation in respect thereto shall continue in full force and effect. The GOVERNMENTAL BODY shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or the cost thereof. Any failure by the GOVERNMENTAL BODY to do so will not relieve it from responsibility for successfully performing the work without additional expense to CMAP.
- b) CMAP and the GOVERNMENTAL BODY assume no responsibility for any understanding or representations made by any of its officers, employees or agents prior to the execution of this Agreement, unless such understanding or representations by both parties are expressly stated in this Agreement.
- c) Changes: CMAP and the GOVERNMENTAL BODY may from time to time order work suspension or make any change in the general scope of this Agreement including, but not limited to changes, as applicable, in the drawings, specifications, delivery schedules or any other particular of the description, statement of work or provisions of this Agreement. If any such change causes an increase or decrease in the cost or time required for performance of any part of the work under this Agreement, CMAP shall promptly notify the GOVERNMENTAL BODY and assert its claim for adjustment within thirty (30) days after the change is ordered. A written amendment will be prepared for Agreement between CMAP and the GOVERNMENTAL BODY for changes in scope, time and/or costs. No amendments are effective until there is a written Agreement that has been signed by both parties.
- d) Changes to any portion of this Agreement shall not be binding upon CMAP and the GOVERNMENTAL BODY except when specifically confirmed in writing by an authorized representative of CMAP and an authorized representative of the GOVERNMENTAL BODY.
- e) For its convenience, CMAP reserves the right to extend the Term of this agreement. Any changes to the Term of this Agreement shall not be binding until specifically confirmed in writing by authorized representatives of both parties.

2. Compliance/Governing Law. The terms of this Agreement shall be construed in accordance with the laws of the State of Illinois. Any obligations and services performed under this Agreement shall be performed in compliance with all applicable state and federal laws.

3. Availability of Appropriation (30 ILCS 500/20-60). This Agreement is contingent upon and subject to the availability of funds. CMAP, at its sole option, may terminate or suspend this Agreement, in whole or in part, without penalty, if the Illinois General Assembly, the state funding source, or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason. The GOVERNMENTAL BODY will be notified in writing of the failure of appropriation or of a reduction or decrease in appropriation.

4. Allowable Charges. No expenditures or charges shall be included in the cost of the PROJECT that are: (i) contrary to provisions of this Agreement or the latest budget approved by a duly-authorized official of CMAP and the GOVERNMENTAL BODY; (ii) not directly for carrying out the PROJECT; (iii) of a regular and continuing nature, except that of salaries and wages of appointed principal executives of CMAP who have not been appointed specifically for the purposes of directing the PROJECT, who devote official time directly to the PROJECT under specific assignments, and respecting whom adequate records of the time devoted to and services performed for the PROJECT are maintained by CMAP may be considered as proper costs of the PROJECT to the extent of the time thus devoted and recorded if they are otherwise in accordance with the provisions hereof; or (iv) incurred without the consent of CMAP after written notice of the suspension or termination of any or all of CMAP's obligations under this Agreement.

5. Audits. The records and supportive documentation for all completed projects are subject to an on-site audit by CMAP and the GOVERNMENTAL BODY. CMAP and the GOVERNMENTAL BODY reserve the right to inspect and review, during normal working hours, the work papers of the independent auditor in support of their audit report.

6. Access to Records. CMAP and the GOVERNMENTAL BODY shall maintain, for a minimum of **three years** after the completion of the Agreement, adequate books, records and supporting documents related to the Agreement which shall be made available for review upon request. Failure to maintain the books, records and supporting documents required by this Section shall establish a presumption in favor of CMAP for the recovery of any funds paid by CMAP under the Agreement for which adequate books, records and supporting documentation are not available to support their purported disbursement. In addition:

- a) If any litigation, claim or audit is started before the expiration of three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
- b) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.
- c) CMAP shall include in all subcontracts, if any, under this Agreement a provision that CMAP and the GOVERNMENTAL BODY will have full access to and the right to examine any pertinent books, documents, papers, and records of any such subcontractors involving transactions related to the subcontract for three (3) years from the final payment under that subcontract except that:
 - 1) If any litigation, claim or audit is started before the expiration of the three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
 - 2) Records for nonexpendable property acquired with federal funds shall be retained for three (3) years after its final disposition.

The term "subcontract" as used in this clause excludes purchase orders not exceeding \$2,500.

7. Procurement Procedures. All procurement transactions for Contractual Services, Commodities and Equipment shall be conducted in a manner that provides maximum open and free competition. The GOVERNMENTAL BODY and CMAP shall also meet the following minimum procedural requirements.

- a) Subcontracting: Subcontracting, assignment or transfer of all or part of the interests of CMAP concerning any of the obligations covered by this Agreement is prohibited without prior written consent of the GOVERNMENTAL BODY.
- b) Procurement of Goods or Services: For purchases of products or services with any Agreement funds that cost more than \$2,500 but less \$10,000, CMAP shall obtain price or rate quotations from an adequate number (at least three) of qualified sources. Procurement of products or services with any Agreement funds that are in excess of \$10,000 will require CMAP to use the Invitation for Bid process or the Request for Proposal process. In the absence of formal codified procedures the procedures of CMAP will be used. CMAP may only procure products or services from one source with any Agreement funds if: (1) the products or services are available only from a single source; or (2) after solicitation of a number of sources, competition is determined inadequate.
- c) Records. CMAP and the GOVERNMENTAL BODY shall maintain records sufficient to detail the significant history of procurements. These records shall include, but are not necessarily limited to: information pertinent to rationale for the method of procurement, selection of contract type, contractor selection or rejection, and basis for the cost or price.
- d) No CMAP or GOVERNMENTAL BODY employee shall participate in the procurement of products or services if a conflict of interest, real or apparent, would be involved. No employee shall solicit or accept anything of monetary value from bidders or suppliers.

8. Equipment Inventory. An inventory of non-expendable personal property having a useful life of more than two years and an acquisition cost of \$500 or more is subject to periodic inspection by CMAP and the GOVERNMENTAL BODY.

9. Method of Payment. PROJECT expenditures are paid directly from federal, state funds or other funds. Because CMAP is responsible for obtaining federal reimbursement for PROJECT expenditures when applicable, it is necessary that CMAP monitor all procedures and documents which will be used to claim and support PROJECT-related expenditures.

10. Suspension. If the GOVERNMENTAL BODY fails to comply with the special conditions and/or the general terms and conditions of this Agreement, CMAP may, after written notice to the GOVERNMENTAL BODY, suspend the Agreement, pending corrective action by the GOVERNMENTAL BODY. If corrective action has not been completed within sixty (60) calendar days after service of written notice of suspension, CMAP shall notify the GOVERNMENTAL BODY in writing that the Agreement has been terminated by reason of default in accordance with Paragraph 11 "Termination" herein.

11. Termination.

- a) This Agreement may be terminated in whole or in part in writing by CMAP or the GOVERNMENTAL BODY for its convenience (hereinafter termed "Termination for Convenience"), provided that the terminating party provides not less than fourteen (14) calendar days written notice (delivered by certified mail, return receipt requested) of intent to terminate to the respective address set forth on the signature page of this Agreement.
- b) Upon notice of termination by either party, CMAP shall (i) promptly discontinue all services affected (unless the notice directs otherwise) and (ii) deliver or otherwise make available to the GOVERNMENTAL BODY all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by CMAP in performing this Agreement, whether completed or in process.
- c) No Further Liability. Each party agrees that the rights of termination hereunder are absolute and it has no right to a continued relationship with the other after termination (except as expressly stated herein). Neither party shall incur any liability whatsoever for any damage, loss or expense of any kind suffered or incurred by the other (or for any compensation to the other) arising from or incident to any termination of this Agreement by such party that complies with the terms of the Agreement whether or not such party is aware of any such damage, loss or expense.

12. Remedies. Except as may be otherwise provided in this Agreement, all claims, counterclaims, disputes and other matters in question between CMAP and the GOVERNMENTAL BODY arising out of or relating to this Agreement or the breach thereof will be decided by arbitration. If the parties hereto mutually agree, a request for remedy may be sought from a court of competent jurisdiction within the State of Illinois, County of Cook.

13. Equal Employment Opportunity. The GOVERNMENTAL BODY and CMAP will comply with Executive Order 11246 entitled "Equal Employment Opportunity," as amended by U.S. Department of Labor regulations (41 CFR Part 60) and the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of Human Rights. In connection with the execution of this Agreement, the GOVERNMENTAL BODY and CMAP shall not discriminate against any employee or an applicant for employment because of race, color, religion, sex, sexual orientation, marital status, national origin or ancestry, citizenship status, age, physical or mental disability unrelated to ability, military status or an unfavorable discharge from military service. The GOVERNMENTAL BODY and CMAP shall take affirmative actions to insure that applicants are employed and that employees are treated during their employment without regard to their race, color, religion, sex, sexual orientation, marital status, national origin or ancestry, citizenship status, age, physical or mental disability unrelated to ability, military status or an unfavorable discharge from military service. Such actions shall include, but not be limited to, employment, promotion, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay, other forms of compensation, and selection for training or apprenticeship. 2. No member of or delegate of the Illinois General Assembly or the Congress of the United States of America, and no federal Resident Commissioner, shall be admitted to any share hereof or to any benefit arising herefrom.
3. PRELIM. DURATION*	24 months
PRELIM. START DATE*	06/01/2021
PRELIM. END DATE*	05/31/2023

1. Project Description

CMAQ will provide technical assistance to the Village of Lombard, the Village of Downer Grove, the Village of Oak Brook, and DuPage County to develop a subarea corridor plan for a portion of Butterfield Road, bounded by 22nd Street (both sides of the street) to the north, I-88 to the south, Kingery Highway (IL-83) to the east, and I-355 to the west (see attached map), incorporating the regional ON TO 2050 principles of resiliency, inclusive growth and prioritized investment.

2. Preliminary Key Topics*

The project activities will seek to explore and address topics including but not limited to transportation; proactive economic development; supporting development of compact, walkable communities; housing choice; and access to open space. More specifically the plan will include chapters on:

TOPIC	DESCRIPTION
Proactive economic development	The plan will assess existing conditions and market realities along the Butterfield Road corridor to identify feasible economic development opportunities that align local economic development planning with regional goals; identify strategies for vacant and underutilized properties connected to the existing transportation infrastructure; and capital planning for public improvements.
Connection enhancements to transit	Several Pace bus routes serve the Butterfield Rd corridor and connect it to surrounding communities. The plan will explore how to leverage this asset and recommend enhancements to the system, including pedestrian infrastructure and connectivity.
Transportation Enhancements	The plan will explore roadway enhancements at key locations within the corridor, including safety and intersection improvements that can benefit both vehicular traffic and bus service.
Housing Choice	The plan will explore strategies to enhance housing choice in the study area by considering opportunities for further residential development, taking into consideration the needs and desires of current and future residents, as well as connectivity to transit options and pedestrian infrastructure to support the development of compact, walkable communities.
Access to open space	The plan will include strategies that address connections and multi-modal accessibility between the Butterfield Rd Corridor and nearby open space amenities, as well as identify opportunities for open space enhancements within the study area.
Public Engagement	Environmental justice principles shall be applied, and steps shall be taken to provide the public, including members of minority populations and low-income populations, access to public information and to develop a feasible shared vision for the area. The engagement process will create a foundation and a framework for future outreach to avoid

disproportionately high and adverse effects in future transportation and other programs, policies, and activities. Public engagement will create a forum for residents, employees, current business and property owners, elected officials to determine major issues and opportunities in the study area, and build consensus across jurisdictions and interests.

3. Preliminary Assumptions*

NO.	ASSUMPTION
1	Participating communities will provide access to relevant staff who will need to be involved in the project, and will ensure that they allocate sufficient time to the project.
2	Participating communities will provide access to all relevant internal data, reports, and other information necessary to successfully complete the project.
3	The participating communities agrees to participate in public outreach and engagement efforts.
4	Leadership of participating communities commit to participate in the project and allocate sufficient time at meetings to ensure due consideration so the project is successful.
5	After the plan is adopted, CMAP will remain involved to a limited extent to monitor and encourage progress on the implementation actions specified in the plan. CMAP staff may provide assistance on specific implementation tasks, meet periodically with the sponsor, facilitate discussions with regional and state agencies that may have a major implementation role, and similar activities.
6	The project will involve interest of partners in the project other than the Village of Lombard, including DuPage County, the Villages of Oak Brook and Downers Grove, Pace, commercial property owners, and other partners.
7.	This project could benefit from a partnership with ULI to provide development guidance and advice on the changing nature of retail.
8.	This project could benefit from assistance from a transportation consultant to provide guidance on specific safety and other transportation enhancements at key locations along the corridor.

4. Preliminary Constraints*

NO.	CONSTRAINTS
1	Due to the multi-jurisdictional nature of the proposed study area, an agreement from surrounding municipalities on their level of participation is needed.
2	Existing conditions related to the retail market and Pace bus ridership may evolve due to the COVID-19 pandemic.

5. Preliminary Deliverables*

NO.	DELIVERABLE	DESCRIPTION
1	Communications and Outreach Strategy (COS)	A strategy that identifies the approaches and formats that will be used to solicit and consider feedback from a wide audience and incorporate their guidance into the subsequent deliverables. Focus should be given to disadvantaged/underrepresented population groups. The strategy should include different engagement methods to solicit input on problems, solutions, and recommendations. Strategy shall also include mechanisms necessary to keep the project on track and external project messaging organized and consistent.
2	Existing Conditions Report (ECR)	A report that provides an overview of existing conditions in the community and summarizes key factors influencing plan recommendations. The report will include supporting charts, maps, and other graphics.
3	Key Recommendations Memo (KRM)	A memo that identifies draft recommendations and provides a brief discussion of why these recommendations are being considered. The memo will contain preliminary ideas, be an outline for the primary recommendations likely to be included in the plan and potential strategies for implementation.
4	Corridor Plan	The primary deliverable of this project will be a corridor plan. The plan will contain recommendations for all relevant policy areas, including supporting text, charts, maps, and other graphics explaining how these recommendations were developed, and why they are important for the future. The plan will also include language concerning

implementation, including descriptions of actions that should be taken within the next two years to advance recommendations.

6. Preliminary ON TO 2050 Implementation*

CHAPTER: GOAL	RECOMMENDATION	PROJECT IMPLEMENTATION
Prosperity: Responsive, strategic workforce and economic development	Align local economic development planning with regional goals	Align local and regional economic development goals within a major retail and office development center. The plan will align local economic development planning with regional goals by promoting multijurisdictional collaboration along the Butterfield Rd corridor, to coordinate local economic development and transportation investment efforts.
Community: Reinvestment for vibrant communities	Support development of compact, walkable communities	Consider development opportunities near transit and pedestrian infrastructure. The plan will support the development of compact, walkable environments in the study area, by exploring opportunities for transit supportive land uses, and reuse of vacant or underutilized properties with transit connections, as well as pedestrian infrastructure and connectivity enhancements.
Community: Development that supports local and regional economic strength	Develop tax policies that strengthen communities and the region	Develop tax policies that respond to the changing nature of retail. Changing retail and consumer habits pose challenges to the sustainability of relying on sales tax for large portions of municipal revenues. The plan will explore ways to develop tax policies that respond to the changing nature of retail and ensure fiscal stability and a strong quality of life for the study area's residents.
Mobility: A modern multimodal system that adapts to changing travel demand	Make transit more competitive	Enhance existing transit options. The plan will explore strategies that make transit more competitive by leveraging the existing Pace bus routes that serve the study area, and propose enhancements to the system, including pedestrian infrastructure and connectivity.
Community: Reinvestment for vibrant communities	Match regional and local housing supply with the types that residents want	Enhance housing choice in the study area. The region's growing older population and changing demographics present an opportunity to explore strategies to enhance housing choice in the study area. The plan will take into consideration the needs of current and future residents, and connectivity to transit and pedestrian infrastructure.
