**MEMORANDUM**

**TO:** Scott Niehaus, Village Manager  
**FROM:** Nicole P. Aranas, Assistant Village Manager *NPA*  
**DATE:** March 10, 2021  
**SUBJECT:** **COMMUNITY PROMOTION & TOURISM COMMITTEE RECOMMENDATION  
DUPAGE CONVENTION & VISITORS BUREAU - LOCAL TOURISM GRANT FUNDING  
LOMBARD CYCLING CLASSIC/TOUR DE LILAC – INTELLIGENTSIA CUP SERIES**

The following is a recommendation from the Community Promotion & Tourism Committee for funding through the 2021 Local Tourism Grant Program to the DuPage Convention and Visitors Bureau in connection with Prairie State Cycling Series, LLC, for production of the Lombard Cycling Classic, a one day cycling event which is part of the ten-day Intelligentsia Cup Series.

**GRANT REQUEST: \$7,000 (and \$10,000 in municipal services)**

The DCVB has requested a grant in the amount of \$7,000, and coverage of municipal services (estimated around \$10,000), to be used towards the Lombard Cycling Classic. The grant request from the DCVB and Prairie State Cycling Service, LLC, the grant application and event budget are attached for your review.

**EVENT DETAILS**

The Intelligentsia Cup Series is a 10-day road cycling bike series which features competitive road cycling races each day for 10 consecutive days in different locations throughout the Chicago metro area. The 2021 Intelligentsia Cup series is the second largest road racing series in the country and is now in its ninth edition. The 2021 race series will take place between July 16-25, 2021 and will include locations throughout Chicago including two DuPage County locations in Winfield and Glen Ellyn.

DuPage Convention and Visitors Bureau, in partnership with Prairie State Cycling, is proposing to host the 2021 Lombard Cycling Classic in Lombard on Tuesday, July 20, 2021. The Lombard race, along with races in neighboring Glen Ellyn and Winfield will be billed and promoted as the DuPage Triple Crown.

The Lombard Cycling Classic, on July 20<sup>th</sup> will feature bicycle races at the professional and amateur level with racers from throughout the United States and several foreign countries. The event would include multiple races throughout the day with a vendor and lifestyle expo area. Prairie State Cycling, will stage and operate the event with DuPage Convention and Visitors Bureau serving as the local host agency for local operations obtaining funding, sponsorships, permitting, volunteers, organizing event logistics and communications.

Race events typically run from 10:00 a.m. to 8:30 p.m. on a closed course loop. DCVB and Prairie State Cycling are proposing a preferred course route in downtown Lombard on St. Charles Road, Main Street, Michael McGuire Drive and Elizabeth Street with the expo located on South Park Avenue, identical to the route used in 2019.

Communications from DCVB will be made to property owners adjacent to both routes along with information about possible impacts related to the road construction. Final approval of the course route shall be subject to approval of the final Village Special Event Permit Application by Police, Fire, Public Works and Community Development.

The proposed event has potential for generation of local tourism and local business support. The Lombard Cycling Classic is anticipated to feature approximately 500 racers with more than half visiting from outside Illinois. Spectators to the event are projected to be between 1,000-2,000 with potential to increase in subsequent years. In addition to the amateur and professional races, the event will feature series of kids bicycle races that are open to the public.

If approved, a Lombard hotel will be designated as the host hotel for the full Intelligentsia Cup series and is guaranteed to receive 50% of all staff business room nights (estimated at 60+ room nights minimum based upon prior years). While it is anticipated additional room night stays will be generated based upon the host hotel designation and Lombard's central proximity to the multiple race sites, the exact number of hotel room stays is undetermined.

The DCVB was awarded a \$7,000 grant for the 2020 Lombard Cycling Classic. Due to COVID-19, the 2020 cycling series was cancelled. Marc Colbert of Prairie State Cycling Series, LLC will provide a COVID mitigation plan to the Village of Lombard in the near future. The event cannot currently be held under the Phase 4 Restore Illinois guidelines presently in place. May 15<sup>th</sup> has been designated as the date to make a final decision as to the viability of holding the entire 10-day racing series event in 2021.

**RECOMMENDATION:**

The Community Promotion & Tourism Committee recommended a grant in an amount up to \$7,000 to the DuPage Convention and Visitors Bureau to be used towards the Second Lombard Cycling Classic. The Committee also recommended coverage of Village services in support of the event, in an amount of \$10,000. The Committee is supportive of sports travel opportunities and seeks to encourage these types of events moving forward. The grant award is contingent on the ability of the group to host the event with the opportunity for public spectators (no award where only racing, without spectators is permitted).

Please place this item on the consent agenda of the March 18, 2021, Board of Trustees meeting. If you have any questions, please feel free to contact me. Thank you.

The event would be part of the ten-day Intelligentsia Cup series, which will include similar events in Elmhurst and Glen Ellyn in 2021. See [www.IntelligentsiaCup.com](http://www.IntelligentsiaCup.com)

**ORGANIZATION**

Number of years that the organization has been in existence:	Since 2012
Number of years that the project or event has been in existence:	2019 was the first year. The event planned for 2020 was cancelled due to Covid-19.
Number of years the project has been supported by Village of Lombard funds:	1
How many years does the organization anticipate it will request grant funding?	2-3 years

1) Describe the organization (include brief history, mission, and ability to carry out this project):

Prairie State Cycling Series, LLC ("Prairie State") is a Wisconsin limited liability company. Since 2012, we have successfully staged 60+ event days of high-quality pro-am bicycle races in many communities in the Chicago Metro area. These communities include Crystal Lake, Downers Grove, Elgin, Elmhurst, Glen Ellyn, Lake Bluff, Niles, St. Charles, Waukegan, West Dundee and the Chicago neighborhoods of Beverly, West Fulton Market and South Chicago. In 2021, the communities of Winfield and Mundelein will join the series.

The mission of Prairie State is to promote and celebrate cycling in Chicago and the Metro area with events that are fun for participants and the public and which promote exercise and a healthy lifestyle. Stated simply – we love cycling! We want to share our passion with our community partners by creating events that will evolve into enduring summer festivals of cycling for the entire family.

Prairie State has a proven track record of successful events in the communities named above. References are available upon request. Bios of the principal staff of Prairie State are attached. These individuals work during the off-season to plan and coordinate the next season with communities, local organizing committees, racers, vendors, USA Cycling and other parties. Then, during the season Prairie State's staff expands dramatically to around 25 people including professional announcers, registration staff, work crew, professional photographer, social media interns and others.

2) Please describe how the program and any proceeds from the event support the goals and objectives of the organization, other local groups or initiatives, and the community at large:

The business model of Prairie State involves three sources of income to finance our operations: series sponsorships, racer entry fees and payment of a "race fee" for each venue to Prairie State by a local organizing committee (LOC) in that venue. The standard race fee for an event on Monday or Tuesday in the 2021 Intelligentsia Cup series will be \$8,000 (the race fee is higher for other days of the week). The funding requested in this application will cover the 2021 race fee for an event in Lombard.

Typically, the LOC raises funding through local sponsorships. Prairie State intends to partner with the DuPage CVB DuPage Sports Commission in the short-term to establish an LOC to support the continuation and growth of the Lombard event year-over-year. Some examples of LOCs in other communities are 501c3 organizations, neighborhood associations, bicycle clubs, local businesses, BID districts or chambers of commerce, local municipal governments, etc. It is hoped by the third or fourth year of the event that the LOC in Lombard will take over all local funding and management responsibilities and thereby the need for funding under the Village's Local Tourism Grant Program will be reduced and then eliminated.

It normally takes between two and three years before the full potential and benefits of an event like the Lombard Cycling Classic can be fully realized. As such, this is intended as a multi-year project.

Once fully realized, the Village of Lombard can expect a self-sustaining community event that is popular with residents, which has a favorable economic impact on local businesses (especially hospitality businesses like restaurants and bars), which increases overnight hotel stays in Lombard and which generally promotes the image of Lombard as destination.

3) What is the organization’s plan to make the project self-sustaining?

As stated above, Prairie State plans to work with the DuPage CVB to identify a permanent LOC in Lombard. Normally, the main responsibilities of the LOC are: 1. Obtain funding to pay Prairie State’s race fee and other expenses through local sponsorships or other revenue sources; 2. Act as main liaison with the Village of Lombard to obtain events permits and secure a “safe” racecourse with adequate police supervision; and 3. Obtain and manage an adequate number of volunteers to act as “course marshals” on race day.

**PROJECT DESCRIPTION**

Is the event open to the general public?

Yes

Do you intend to apply for a liquor license for this project?

No

Will any revenues from this event be returned to the community?

Yes\*

(\*)- the LOC will often partner with a local charity.

Have you requested grant funding in the past?

Yes

If yes, provide grant awards for past 5 years:

2019 - \$7,000 grant plus city services

1) Provide a full detailed description of the proposed project or event.

The “Lombard Cycling Classic” would continue to be a full day of “criterium” style road racing on a closed loop racecourse (usually one mile or less in circumference) located in the Village. We propose to use the same racecourse as the one very successfully used in 2019. Generally, the most successful racecourses will be located in the downtown area as this will enhance the economic impact on local hospitality businesses like restaurants and bars. (It is not uncommon for such hospitality businesses in other Prairie State venues to report that the bike race generated their best day of business for the entire year.) The race day would generally run from 10:00 am to around 8:20 pm. The Prairie State crew generally arrives about 3 hours prior to the start of racing for setup and everything is normally torn down within 2 hours after the end of racing. Prairie State always leaves each venue cleaner at the end of the day than it was at the beginning. Bicycle racing of this nature proceeds rain or shine. Only severe weather will suspend racing which will resume after the weather threat is over. (Of course, inclement weather can impact spectatorship.) A typical race day will include eight amateur race categories for men and women of various ages and skill levels, plus professional men’s, and women’s races. Time is reserved for a local event such as kids’ fun races (kids 3-9 years old) or a family ride. The family rides in 2019 were very successful – and the local events are often the highlight of the day. Attached is a typical race schedule for our 2018 West Dundee event.

2) If your application is accepted, how will the tourism grant funds be used?

As stated above, the tourism grant funds will be applied toward the race fee normally payable to Prairie State for an event of this nature.

3) What modifications to the event or other steps will be taken to increase event attendance over previous years (not applicable to first time events)?

Our attendance may not increase in 2021 due to the current pandemic & Illinois mitigation process. But we are excited to have it return and are hopeful for many more years of increased attendance.

**LOCATION**

Provide the location of the event or project. If a location has not been secured, list the venue(s) being proposed or considered.

Attached is a diagram of the racecourse used in 2019 and this course is proposed again for use in 2021. A racecourse in downtown Lombard is the most desirable from the standpoint of spectatorship and achieving a favorable economic impact on local businesses.

**MILESTONES AND TIMETABLES**

Describe the milestones that will mark the progress towards implementing the project and provide a timetable for the completion of each milestone.

1. Confirm award of Tourism Grant Funds to Prairie State – by no later than February 1, 2021 but sooner would be preferred. Prairie State wishes to publicly announce all its 2021 venues around March 1, 2021.
2. Confirm that all necessary event permits, and similar permissions have been granted or assured by the Village of Lombard and relevant departments (Police Dept., Fire Dept., etc.) – by April 1, 2021 or earlier if possible.
3. The DCVB will be responsible to obtain and manage enough volunteers to act as “course marshals” for the 2021 event.
4. On or around April 15, 2021, Prairie State will assess the situation relating to the health risk associated with Covid-19 and any restrictions on outdoor athletic events that may be in effect at that time. If an unacceptable health risk still exists, or if restrictions on outdoor athletic events are unlikely to be lifted, then Prairie State will consult with its partners and decide whether to move forward with the series or cancel the 2021 season. Prairie State intends to implement a COVID-19 mitigation plan that is appropriate for the conditions that exist when the event happens.
5. In the event that Promoter or LOC determines or is required to cancel the Races due to the Covid-19 emergency impacting health and public gatherings, such Party shall immediately notify the other Party of such cancellation. Promptly after such cancellation Promoter shall return any funds received from LOC under this [Race Agreement] less an amount equal to 12% of the Sponsorship Fee which shall be retained by Promoter for its operating expenses incurred in preparation for the Races. Promoter and LOC agree to consult on an ongoing basis regarding the impact of Covid-19 on the Races. Promoter intends to assess the circumstances relating to Covid-19, and make a decision, no later than 60 days prior to the first day of the 2021 Series.

## **IMPACT**

- 1) Please describe how the event or program will promote overnight stays and/or tourism within the Village of Lombard.

A hotel in Lombard will be designated as a "host hotel" of the 2021 Intelligentsia Cup series (also, based on prior commitments, we may continue working with our host hotel for the last two years near Niles). Prairie State commits to bring at least 50% of its 2021 staff business to the Lombard host hotel. We will designate the host hotel on our website and in our communications with our racers and through social media. Further, the DuPage CVB will offer a complimentary website where racers can view, and book rooms offered at the Lombard hotel.

- 2) Please describe the economic benefit to local businesses and the Lombard community. How will your event draw more people from outside the local market (50 miles or more) or attract a new visitor audience?

In the past, more than half of the Intelligentsia Cup racers come from outside of Illinois. Normally, each racer also makes significant local expenditures for food, lodging and miscellaneous needs. Typically, each racer will also bring one or more family members or friends to the events. To the extent any of our racers elect to stay in the Lombard host hotel, this is likely to be a multi-day stay given that the Intelligentsia Cup is a 10-day series. Many of our racers plan their vacations around the series and will compete in some or all the series. Because of Covid-19, however, the 2021 season may be atypical, but we are hopeful that things will return to normal by 2022.

- 3) Who is the target audience for your event or project? What is your anticipated attendance?

Our target audience consists of amateur male and females who are serious bike racers. Our series presents a high level of competition to our racers. For amateur as well as professional bicycle racers, some of the best competition in the country can be found at the Intelligentsia Cup and our reputation nationally reflects that.

In 2019, the Intelligentsia Cup was the largest road racing series in the country (based on number of entries). In 2019, we averaged around 600 racers per full-day venue. Additionally, depending on the level of publicity given to the event in Lombard, we can anticipate 2000+ spectators in the second year and this number should grow over time and depending on future amenities like a beer garden or live music.

- 4) Please identify and detail the estimated cost of any Village of Lombard services anticipated as part of the event (e.g., Police, Public Works, barricades, etc.). For each cost, confirm whether you are requesting the costs for such services will be reimbursed to the Village or will be covered under this grant.

Normally our local LOC is responsible for city services (Police services, etc.). The amount of funding we are requesting under this Tourism Grant Program would be net of city services.

- 5) Please describe any collaborative arrangements developed or anticipated with other organizations to fund or otherwise implement the project (including in-kind donations).

As discussed above, we have a collaborative arrangement with the DuPage CVB to bring new events to DuPage County.

- 6) Please describe your marketing plan. Detail the strategies your organization will use to promote the event or project (e.g., advertising, public relations, marketing, print materials, promotional pieces).

Under our normal procedures, the local LOC is primarily responsible for local marketing and Prairie State's marketing director handles PR and marketing at the series level. Our marketing director is responsible for:

- maintaining a robust and current website
- issuing numerous and timely press releases
- planning and managing a sophisticated social media campaign
- issuing "e-blast" communications to our racers and other constituents from time to time
- placing some but not extensive traditional media (we think the benefit of traditional media is declining)
- coordinate media stories
- coordinating marketing efforts with the local LOC and municipality

DCVB will take responsibility for local marketing/PR/social media and will work with the Village of Lombard's marketing/communications department to promote the event.

## **FINANCES**

- Please include a detailed itemized budget for your entire event on the attached budget form (2 years of past actuals and estimates for upcoming event).
- Attach a copy of the most recently completed agency audit and Federal Form 990. If these documents are not available, please explain why they are not available.

## **CHECKLIST**

- Completed Local Tourism Grant Program Application Form.
- Completed detailed budget form.
- Promotional materials from past events (not applicable to first time events).
- Post event summary from past event (not applicable to first time events).
- Copy of the most recently completed agency audit or explanation of why it is not available.
- Copy of the most recent Federal Form 990 for the agency or explanation of why it is not available.

Additional Notes, Comments or Explanations:

1. Each season, the Intelligentsia Cup will designate a “host hotel” for the series. Usually, the hotel will set aside a discounted block of rooms that will be available to racers as well as for the Prairie State staff. For purposes of this application, Prairie State commits to utilize a hotel in Lombard for at least half of its 2021 staff hotel needs. Additionally, we will work closely with the DuPage CVB to market and promote hotel options in Lombard to our racers through our racer registration process and otherwise. This will create a greater potential for cyclists who are competing in the Intelligentsia Cup series to choose to stay in Lombard – a centralized location to many of the races in our 10-day series.
2. A Federal Form 990 is not included with this application because Prairie State is not a tax-exempt organization.

**CERTIFICATION**

The undersigned certifies that to the best of his or her knowledge and belief that data in this application are true and correct, the application has been duly authorized by the organization and any funds received under this grant will be used for the purposes described in this application.

Village of Lombard  
Attn: Local Tourism Grant Committee  
January 28, 2021

Dear Committee Members,

In an effort to grow the sports tourism market in DuPage County, the DuPage Convention & Visitors Bureau (DCVB) and the DuPage Sports Commission (DSC) is actively partnering with local event organizers and promoters to create and establish new events that have an opportunity for long-term sustainability providing annual positive economic impact to our community partners.

The Prairie State Cycling Series application through the Village of Lombard Local Tourism Grant Program to continue the Lombard Cycling Classic – a single day professional race – is an opportunity to deliver on this tourism mission. In partnership and coordination with the Prairie State Cycling Series, the DCVB has agreed to take ownership of this grant application request and will also be responsible in creating and leading a local organizing committee to ensure this events' success. As part of our long-term vision for this event, the DCVB will work with local partners to recruit event sponsors to supplement, and eventually replace, the Local Tourism Grant Program as the funding mechanism for this event. Based on the successful models of other host communities, including the City of Elmhurst and Village of Glen Ellyn, we feel there is tremendous potential for growing this event and finding new partners to support it.

The Lombard Cycling Classic was successfully held for the first time in 2019. In fact, the success of the event exceeded our expectations. The event was planned again for 2020 but it was interrupted by the Covid-19 pandemic. We are submitting this application on the optimistic assumption that by the summer, the State of Illinois and other authorities will again allow outdoor athletic events such as this one by reason of the broad administration of COVID-19 vaccines and other measures.

Not only does this event have potential as a strong community engagement event, it will also provide a tourism value and immediate ROI to the Village of Lombard. As part of our agreement with the Prairie State Cycling Series, they have agreed to commit at least 70 guaranteed hotel room bookings from their staff for the event in Lombard. Additionally, we will be working with the Prairie State Cycling Series to provide a convenient hotel booking platform promoting all Lombard hotels to their athletes and visitors throughout the race series week to provide Lombard, and DuPage, a competitive edge in capturing additional overnight visitor and hotel stays.

On behalf of the DuPage Convention & Visitors Bureau, thank you for your continued support for tourism and our partnership. We appreciate your consideration for grant request, and the unique opportunity of creating the Lombard Cycling Classic again in 2021.

Sincerely,

Angela Rauen  
Market Manager  
DuPage Convention & Visitors Bureau
